General and Revenue Secretariat | F/ File No. 96 of 1941. | [App. F. III-2

Serial No. 1

From the C. C. F.

No. E 3-19/41 of 6.11.1941

Submits proposals for the opening of a Forest Ranger school.

(1) The principle of opening a Forest school for training candidates for the Rangers' posts whenever there is need is already accepted. Accordingly the school for training the first batch of students was opened in Jan 1940, the course extending over a period of 12 months. The C C F now reports that as all the students who passed out of the school in Dec 1940 have been absorbed as Rangers and trained men are not available for recruitment as Rangers, there is need to open the school again almost immediately.

(2) It is proposed to start the school for ten candidates from 2nd Jan 1942. The period of training being fixed at 20 months as against 12 months on the last occasion. The CCF adds that the instruction imparted will be free as during the last course, that all other incidental expenses, including t.a, should be borne by the students and that no stipend will be given. If this is approved the C. C. F proposes to call for applications after due advertisement from candidates who are prepared to undergo the course at their own cost & who have passed the B. Sc

Serial No.

Examn. with Chemistry and Botany as main optional subjects. This may perhaps be approved.

(3) The C.C.F. has not sent the Syllabus. He says this will be submd separately. He has submd a statement showing in detail the cost involved. According to this, the cost for 20 months comes to Rs 4200/-. This will be spread over the budgets of the years 1941-42, 42-43 & 43-44.

Y.

(4) The arrangements proposed are almost similar to those made for the first batch except that it is proposed now to appoint a Sub Asst Conservator a Rs 125-15-200 as whole-time Asst to the (Working Plan Officer) - Principal. The cost will be as follows for the full course:-

Pay of Sub Asst Cons[r]	Rs 2620	3170/-
T.A. " "	550	
Allnces to officers	Rs 2910/-	
Pay of staff	Rs 940/-	
Contingencies	Rs 175/-	

This will roughly be an av. expt[e] of Rs 360/- p.m. This seems to be an inevitable expenditure as stated by the C.C.F. in the interests of the dept as otherwise there will be no trained Rangers. H. Secy will have also to be consulted. Submd for orders

Forest Ranger School

4

General and Revenue Secretariat | File No. 96 of 1941. | [App. F. III-2

Serial No. 5

The proposal is to restart the Forest Ranger school to train 10 Candidates. It is reported that during this and the next two years there will be ten vacancies in the Ranger's grade out of which eight will be recruitment vacancies. The training is intended to be given for 20 months instead of 12 months ~~in~~ last ~~year~~ time. The cost on account of the school is worked out at 7200 Rs as in statement Flag Y. A whole time officer of the grade of SAS is proposed as an assistant to the principal who will be the working plan officer as in last year. His pay & TA alone will cost Rs 3170. It is stated that such an assistant is necessary as the principal will have other heavy and responsible duties connected with the Forest Surveys and working plans. If the training is to be given for 20 months, there seems to be necessity to have a whole time officer to look after the routine work of the school. As he could also take up teaching work in several subjects the need for giving allowances to several others as in last ~~year~~ time cannot be understood. To fix the allowances to be given to the several officers, ~~higher scale of allowances~~ it is necessary to get a detailed distribution and programme of work as was sent last time. If approved this will be called for.

(6) Higher rates of allowances are proposed to several officers. They could perhaps be reduced to the same scale per month as in last time. This will however be examined after obtaining detailed programme & hours of work to each officer

(7) The CCF states that the instruction imparted will be free as during the last course, all expenditure incidental to the training being borne by the candidates themselves and that no stipend will be given. This may perhaps be approved.

8) The school is proposed to be started from 2.1.1942 and the extra cost involved will during the current year be met from the sanctioned grant of the department by reappropriation.

(9) The CCF had reported last time also that the training in future will be for two years and that the candidates will be given instruction in all the branches of forestry and other allied sciences. Vide his letter dated 8. Aug 1939. He also states that the detailed syllabus of the school course covering a period of twenty months will be submitted to Govt separately. This may also be got before orders are passed. If approved the CCF will be asked to send it immediately.

15) Only 60 hours of work are allotted to the Sub Asst Conservator of Forests though it is proposed that he should be a whole time officer of the school. It is not known whether he ~~could~~ cannot be entrusted with the teaching work of Accounts & office procedure which is allotted to the Manager C.C.F. office or any other work.

16) The forest mycologist & chemist are allotted 100 hours of work as against 60 hours previously. As the period of training is enhanced to 9 months, these do not seem to be sufficient grounds to enhance the rate of allowance from 25 Rs. p.m in the previous time to 50 Rs p.m as recommended now.

17) Even the allowances proposed to the officer in charge of the wood preservation plant, game preserve office, officer in charge of Elephants & forest surveyor seem to be high when compared to the no of hours of work allotted & admit of some reduction.

Genl Secy) 21/11/41

18) The proposal to restart the

GENERAL SECRETARY
24 NOV 1941
3231

NOTE—Contn. Sheet.

WD 03967—GPB—5,000—30-8-41

first school with an amplified course for a period of 20 months, may be sanctioned. The no of candidates to be trained may be fixed at 12 (instead of 10 suggested by the C.C.F) so as to have sufficient margin for withdrawals & for subsequent absorption in vacancies. In making the selection, the C.C.F may be told that candidates belonging to communities which were not selected for such training last time or the representation of which in the cadre of Rangers is not adequate, may be shown preference, if forthcoming. The selection made, may be reported for the information of Govt.

(9) The allowances proposed seem to admit of reduction. The Working Plan Officer, who will be the Principal, was granted an allowance of Rs 50 p.m on the last occasion. But it is now proposed to have a full time Sub-Asst Conservator to help him in his work. In fact, the latter officer

Serial No.

will be immediately responsible for the day to day conduct & management of the school. It is thus obvious that the Principal will be relieved of much of the responsibility for the working of the school. A reduction in his allowance seems justified. It may be fixed at Rs 30 p.m. for 20 months.

20) The allowances to the Technical Asst, the First Physicist & First Chemist may be fixed at Rs 30 p.m. for 9 months. The allowance to the Manager may be Rs 120 lumpsum as before & that for the Games Prefect officer Rs 100. This is liberal enough as the latter officer will have work only for about 15 days.

21) If the above suggestions are accepted, the total cost will work out to Rs 6200, allowing a sum of Rs 195 for contingencies. The amount will be met from the sanctioned funds of the Dept.

FINAL NOTE BY THE MINISTER FOR LOCAL SELF-GOVERNMENT AND PUBLIC HEALTH.

15

Subject:—

Proposal to start a Forest School for training candidates for the Ranger's posts.

In their order No. A.F. 2277-8/Ft. 48-39-6 dated the 15th November 1939, Government approved of the proposal of the Chief Conservator of Forests to start a Ranger's School. Accordingly a school was opened tentatively for a period of one year from the 2nd January 1940 and nine persons were trained.

The Chief Conservator of Forests now states in his letter No. E. 3-19/41 dated the 6th November 1941 that there is need to restart the Ranger School again since all those who passed in December 1940 have been absorbed as Rangers and trained men are not available for recruitment in the vacancies that are likely to occur in this and the coming years. He adds that there is already a Ranger's recruitment vacancy which in the absence of a trained candidate has been filled up by the promotion of a First Grade Forester and nine more vacancies are expected to occur in the next two years and that in order that an adequate number of trained men may be available for recruitment in the said vacancies it is necessary to train up a batch of 10 candidates.

According to the details furnished by the Chief Conservator of Forests the course is to run for a period of twenty months instead of twelve as on the last occassion, the instruction imparted being free without any tuition fee. All other expenditure incidental to the training including their travelling charges has to be borne by the students themselves and they will not be given any stipend.

The Officer in charge of the Forest Surveys and Working Plans will be the Principal of the School with the assistance of a whole time Sub Assistant Conservator who will work as the Field Instructor attached to the

the School and be immediately responsible for the day to day conduct and management of the school, subject to the general control of the Principal. The other teaching staff required is proposed to be selected from among the Departmental Officers stationed mostly at Head Quarters, they being paid suitable allowances for the additional work devolving on them.

(4) The scheme involves an expenditure of Rs. 7200/- for the full term of twenty months including the provision for the appointment of a Sub Assistant Conservator on Rs. 125-15-200.

(5) The Dewan and other Ministers having agreed, it is proposed to sanction the proposals of the Chief Conservator of Forests and I solicit the gracious approval of His Highness to the same.

Bangalore,
16th January 1942.

OFFICE OF THE CHIEF CONSERVATOR OF FORESTS
IN MYSORE.

Bangalore, dated 6-12 Novr. 1941.

FROM

C. ABDUL JABBAR, ESQ., B.A.,
Chief Conservator of Forests in Mysore,
Bangalore.

To

GENERAL SECRETARIAT
7 NOV. 1941

GEN. & REV. SECTT.
7 NOV. 1941
AGRI. & FOREST BRANCH.

J. APPAJI GOWDA, Esq., B.A. (Hons),
Secretary to the Government
of H. H. the Maharaja of Mysore,
General Department, *Bangalore.*

SIR,

I have the honour to bring to the notice of Government that as stated in the penultimate para of my letter No.E.47-167/39 dated 8-8-1939 and para 1 of my letter of even number dated 18-2-41 there is at present need to restart the Forest Ranger School almost immediately, since all the students who passed out of it in December 1940 have now been absorbed as Rangers and trained men are not available for recruitment. There is already a Ranger's recruitment vacancy which in the absence of a trained candidate has been filled up by the promotion of a First Grade Forester in the interests of conduct of work. The deviation involved in making this appointment is being reported separately for the ratification of Government. Nine more vacancies are expected to arise in the Rangers' grade during this and the next two official years due to retirements of Rangers and elevation of some Rangers to the Gazetted ranks in retirement vacancies arising in the controlling staff of the Department. Eight out of these ten vacancies will be recruitments and two promotion vacancies. In order that an adequate number of trained men may be available for recruitment in these vacancies, it is necessary to train up a batch of 10 candidates during the next session of the School leaving a margin for those that may drop out in the middle of the course. Applications will be called for as usual after due advertisement from candidates who are prepared to undergo the course at their own cost and who have passed the B.Sc., examination taking Chemistry and Botany as the main optional subjects.

subjects. The school will be started from 2nd January 1942 and the period of its course fixed for 20 months. The instruction imparted will be free as during the last course and no tuition fee will be charged, all other expenditure incidental to the training (including travelling expenses) being borne by the candidates themselves nor will they be given any stipend. A detailed syllabus of the school course covering a period of 20 months will be submitted to Government separately.

The Officer in charge of Forest Surveys and Working Plans will be as on the last occasion the Principal of the School. In view of his having other heavy and responsible duties connected with Forest Surveys and Working Plans to discharge he is proposed to be given a whole time Assistant of the grade of Sub Assistant Conservator of Forests, who will work as the Field Instructor attached to the School and be immediately responsible, subjects to the general control of the Principal, for the day to day conduct and management of the school. The other teaching staff required for the School will be found from among the Departmental officers stationed mostly at head quarters and they will be remunerated by grant of suitable allowances (as during the last school course) for the additional duties develving on them in connection with the school. A statement showing in detail the cost of restarting the school, is appended.

The total extra cost which the above proposals involve, amounts to Rs.7,200/- for the entire school term and this works to a monthly average of Rs.360/- or to an average of Rs.720/- per student for the entire course. I request that these proposals which for reasons detailed above are urgent and cannot be postponed may be kindly sanctioned by Government to enable me to take further action to call for applications and make other preliminary arrangements for starting the school from 2-1-1942. The extra cost involved will during the current year be met from the sanctioned Departmental grants by re-appropriation.

I have the honour to be,
Sir,
Your most obedient servant,

Chief Conservator of Forests.

Submitting proposals for opening again a Forest Rangers' school from 2nd Jan. 1942.

order A7 4321-2 of 23/2/42

The C.C.F. states that there is need to start the Rangers' School again, since all those who passed in Dec 1940 have been absorbed as Rangers & trained men are not available for recruitment in the vacancies that are likely to occur in this & coming years and that in order that an adequate number of trained men may be available for recruitment in the future vacancies it is necessary to train up a batch of ten candidates. In the circumstances I not approve of the proposal of the C.C.F. to restart the School.

List of Enclosure

The period of training will be for twenty months instead of twelve as in the last occasion, the instruction in forestry being free without any tuition fee. All other expenses here incidental to the training including their travelling charges will be borne by the students themselves
